Five editions in, Hive Furniture Show has become more than just a trade fair, it's a benchmark for how the Middle East and Africa do business in furniture & design.

As we prepare to open the doors to the **5th edition this May 2025**, we find ourselves reflecting on how far this platform has come and how much further it can go.

What began as a focused trade event has rapidly evolved into one of the most significant sourcing platforms for the Middle East and Africa. Last year's edition was a proud moment, but it was only the beginning. With over 7,000 buyers and 227 exhibiting manufacturers in 2024, we knew we had struck a chord with the industry. And so, 2025 had to be even more ambitious.

That's why this edition comes with a bold **rebrand**—a refreshed identity that mirrors the growth, energy, and clarity of purpose that defines HIVE today. We're not just creating a fair. We're building a **business-first platform** where design meets scalability, sourcing meets strategy, and serious trade takes place without the noise.

This year, we'll welcome global exhibitors from 15+ countries, along with VIP hosted buyers and influential trade buyers from over 50 Middle Eastern and African countries, as well as some of the most exciting names in the industry. With **HIVE Conclave** making a powerful return, we're bringing more voices, knowledge, and leadership to the center of the conversation.

To every exhibitor, buyer, speaker, and visitor, **thank you for being part of this journey**. Here's to the biggest and boldest HIVE yet. Let's build something unforgettable.

Hive Furniture Show

**Where the Industry
Comes to Discover,
Source & Connect**

This May, **Hive Furniture Show** returns with its milestone 5th edition, promising a richer, more dynamic experience for the **global furniture and interiors community**. Backed by four years of impressive growth and industry credibility, HIVE is now a fixture in the region's design and sourcing calendar and 2025 is set to be its most ambitious chapter yet.

It proved what many already suspected: **HIVE is not just another event**—it's a platform where people come to get things done. This year, HIVE scales up—welcoming **global leading manufacturers** from **15+ countries** across a well-curated showcase of categories including **home, office, outdoor, and furniture accessories**.

Whether you're seeking inspiration, sourcing partners, or scouting insights, practical takeaways, and conversations that move the industry forward, HIVE delivers the connections and clarity you need.

The layout is purposeful. The energy is focused. And the people? They're the ones shaping the future of design, retail, and manufacturing across the **Middle East and Africa**—two of the **most exciting growth markets** in the world today. Adding depth to the experience is the return of **HIVE Conclave**, an immersive conference spotlighting voices that matter. Whether you're **discovering new collections, building partnerships, or simply staying ahead** of what's next—**Hive Furniture Show 2025** is where it all happens.

What's On?

HIVE 2025 is Evolving

AND SO IS THE EXPERIENCE

This year introduces a **fresh wave of VIP Hosted Buyers**, handpicked from across 50+ countries, ensuring even more powerful face-to-face interactions and real business outcomes.

We're also expanding our global footprint with **first-time exhibitors from Singapore, the UK, and Egypt**, bringing new styles, capabilities, and sourcing opportunities to the MEA region.

In an exciting debut, HIVE will host a dedicated **B2B networking session with the Dongguan Pavilion** from China, an exclusive opportunity for buyers to connect directly with top-tier Chinese manufacturers. For the first time, the China National Furniture Association (CNFA) will attend HIVE, recognizing its growing influence as the region's key sourcing hub. Their presence underscores HIVE's rising global relevance as a gateway to the Middle East and African markets.

And of course, the **return of HIVE Conclave**, our reimagined knowledge-sharing forum—will be bigger, bolder, and buzzing with energy. Expect sharp minds, future shaping conversations, and exciting personalities from across the global design and retail landscape.

With an **all-new central lounge concept**, better zoning, and sharper matchmaking flows throughout the venue, HIVE 2025 promises a more seamless and impactful experience—for exhibitors and buyers alike.

What's New?

A New Look for a New Era

INSIDE HIVE FURNITURE SHOW'S
BOLD REBRAND

What does it mean when a trade show outgrows its own identity? For Hive Furniture Show, the answer was clear: it was time for a transformation. Not just a new logo or colour palette—but a shift in energy, attitude, and ambition. The kind that doesn't just catch your eye—but **makes a statement**.

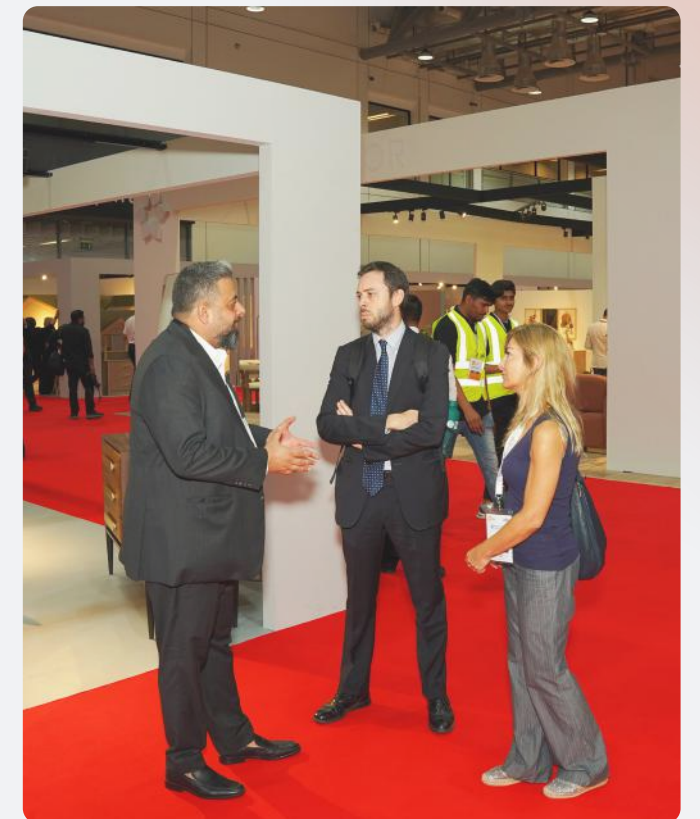

As HIVE gears up for its 5th edition in 2025, it does so with a **fresh identity** that reflects where it's headed, not just where it's been.

In just four years, HIVE evolved from a promising trade show to a **leading platform for the Middle East and Africa's furniture industry**—a serious destination for sourcing, scaling, and building real business. The new look? It's sharp, modern, and elevated—designed to match the **focus, clarity, and forward-thinking mindset** that defines the HIVE experience today.

"This rebrand is a declaration of our vision. HIVE is no longer just a platform—it's becoming the standard for how the industry connects, sources, and grows in the Middle East and Africa. This identity reflects where we're headed—and the future we're building for the furniture world."

The new brand language sets the tone: clean, direct, business-first—but with room for creativity and bold expression. It speaks to manufacturers ready to scale, buyers eager to source, and a growing audience that values clarity over clutter.

**HIVE's transformation is
more than visual. It's strategic.
Intentional.
READY FOR WHAT'S NEXT.**

And as HIVE 2025 approaches, this new identity isn't just about standing out—it's about standing for something: a better, smarter, more seamless way to connect the furniture world.
